

INVITES YOU TO ATTEND...

Success in Education Conference : Free and Open Source Software (OSS)

Friday 19th October 2007

Keynote Speaker: Martin Dougiamas, Moodle Founder

The Success in Education Conference provides :

- A showcase for the successful deployments of free & OSS in Education worldwide
- Direct dialogues with leading experts from the ICT and Education arenas
- Demonstrations of leading software solutions
- First hand accounts of OSS installations

.....

Reasons to attend...

- Learn about real-life implementations using OSS in Education
- Understand the benefits and problems
- Speak to people who claim to have saved millions by switching to OSS
- See for yourself how teachers and students are using OSS not only to learn about ICT but to become creators of both applications and content
- Try out different products and see live demonstrations

Who should attend?

This conference is aimed at people working in and with the educational sector including:

- Head Teachers
- Network Managers
- Primary Schools
- Politicians
- ICT Co-ordinators
- School Governors
- High Schools
- Special Schools
- Local Authorities
- Colleges
